Summary

Professional engineering graduate with strong proficiency in Python and web technologies, and a passion for solving real-world problems through clean and efficient code. Eager to start my career by leveraging my skills to contribute to the organization's success while continuously striving for personal growth and excellence.

Education

Anna University – C. Abdul Hakeem College of Engineering & Technology *Sep 2021 - Jun 2025*

B.E. in Computer Science and Engineering - CGPA 7.79 Ranipet, India

Projects

Personal Portfolio | View Project |
- Designed and developed a fully responsive personal portfolio using React, TypeScript, Vite, and Tailwind CSS.
- Showcased skills, education, and projects in a clean UI with EmailJS integration for direct messaging.

Supermarket Management System (Final Year Project) | View Project |
- Built a modern grocery web app with customer/admin dashboards, cart handling, and order workflows.
- Used Context API and modular React components to ensure scalability and clean architecture.

BirdFlight Game | View Project |
- Created a gesture-based mobile game using React Native, Expo, and TypeScript where players guide a bird through obstacles.
- Integrated real-time scoring, animated environments, and haptic feedback for an engaging experience.

Technical Skills

Programming Language: Python
Web Technologies: HTML, CSS, JavaScript
Databases: SQL
Domain: Object-Oriented Programming & Data Structures

Certifications

- Neural Networks and Deep Learning - Guvi
- DevOps Essentials - Infosys Springboard
- Network Essentials - Cisco
- Complete 2024 Web Development BootCamp - Udemy

Languages & Soft Skills

Languages:
- English, Tamil, Hindi, Urdu - Professional Proficiency

Soft Skills:
- Strategic thinking, adaptability, collaborative work, Creative solutions, effective communication.
